

How To Access Quick Login

This feature is only available to customers who had TOGGLE access to additional companies.

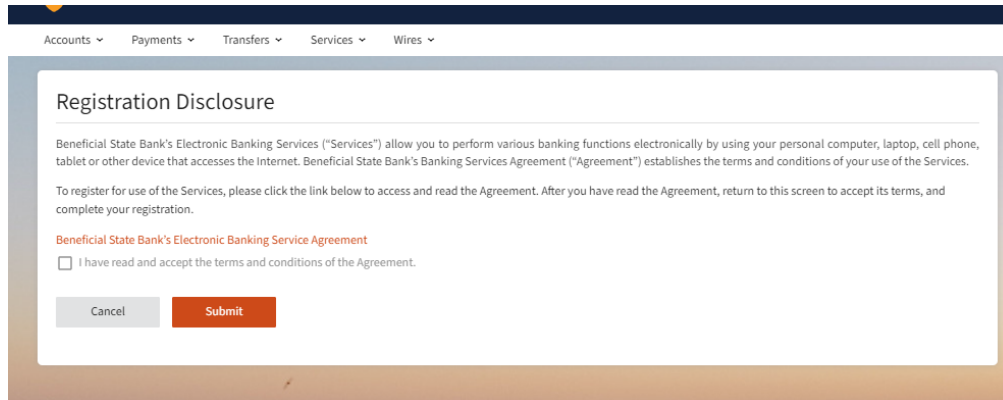

1. Once logged into online banking, you will find additional companies under the “Change Login” widget shown below.

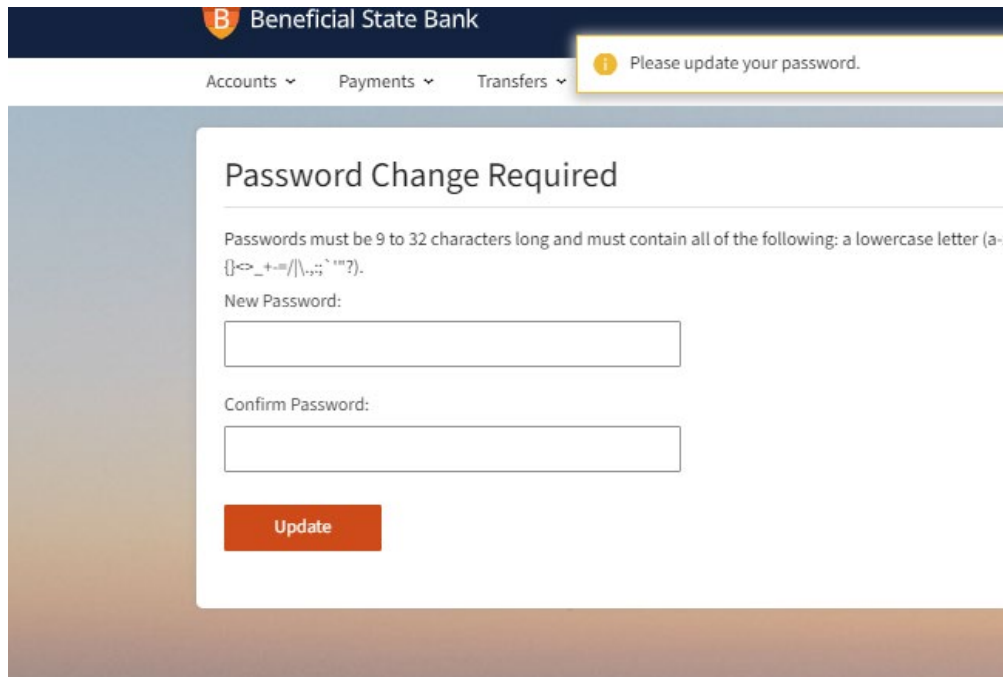

2. Click on the available company and click “Change Login.”

3. Click on the electronic banking service agreement link to review and then click the “I have read and accept the terms and conditions of the agreement” checkbox.
4. Click the “Submit” button.

5. Create a new password (you can use the same password as your primary login) and click the “Update” button.

That will complete the access setup. Repeat these steps for any additional companies on the list.
